

Communication

Date	15 July 2026
Team ID	
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.N o	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Progress Update	Weekly	WhatsApp / Email	B Bhanu Prasad	Share weekly progress on Epic completion and task updates
2	Issue / Bug Discussion	As Needed	WhatsApp / GitHub Issues	B Bhanu Prasad	Document and resolve code errors, model issues, and blockers
3	Self Review	Bi-Weekly	Skill Wallet Platform	B Bhanu Prasad	Submit completed tasks and receive feedback on deliverables
4	Task Submission	Per Epic	Skill Wallet + GitHub	B Bhanu Prasad	Push completed code and PDFs to GitHub and update task status
5	Final Demo Rehearsal	Once	Local System	B Bhanu Prasad	Test the complete OptiCrop application before final demo recording
6	Demo Video Submission	Once	Google Drive	B Bhanu Prasad	Record and upload the project demo video to Google Drive

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Teammates were unresponsive and did not contribute to any project tasks	B Bhanu Prasad took full ownership and completed all 5 Epics individually as Team member
2	No team coordination possible due to non-participating members	All task tracking and submission was handled directly by B Bhanu Prasad via the Skill Wallet platform
3	Task assignments were given to multiple members but only one completed them	B Bhanu Prasad took ownership of all tasks and completed the entire project independently
